

## Short Term Programme

**(3 weeks study of 25 hours per week)**

Waikato Institute of Education's English Studies for Aviation has been developed specifically for those who work in the aviation industry and need to comply with the International Civil Aviation Organisation's (ICAO's) language proficiency requirements.

### This Course Aims To:

- Assist aviation students in reaching the required ICAO Level 4 of English language proficiency
- Build confidence with conversational skills and technical language needed for use during training and active duty
- Equip students with extended vocabulary and comprehension to ensure effective communication

### Why Study ESA At WIE?

This course is built around topics and themes within the context of aviation, with specific reference to and focus on the assessed elements of pronunciation, structure, vocabulary, fluency, comprehension and interactions.

Course presentations focus on 12 aviation-based themes, each containing a variety of topics specific to the technical language requirements of aviation.

Aviation topics covered as part of the themes will include:

- Aerodrome layout
- Navigation
- Topographical features
- Equipment failure
- And many more...
- Runway incursions
- Time of day
- Flight deck
- Capacity

### Additional Study Benefits:

- WIE is accredited by the New Zealand Qualifications Authority (NZQA)
- Approved exam centre for Cambridge English, OET and TOEIC exams
