

OET PREPARATION COURSE

WHAT IS OET?

OET is Occupational English Test —A language test for health practitioners who have qualified to practice in one country and wish to gain provisional registration to practice their profession in another which has an English-speaking context. The test measures the language competency of health practitioners who are seeking registration and the ability to practice in an English speaking context. It is designed to ensure that language competency is assessed in a relevant professional context. Each OET sub-test is scored as one of five grades, from A - E. A is the highest grade, E is the lowest. Most professional registration bodies require a minimum of B in each sub-test.

WHY STUDY OET AT WIE?

Whether you wish to sit the OET as part of the process of becoming registered to practice in New Zealand or you wish to go on to further study in a medical field at University or Polytechnic, our custom-designed courses will give you the confidence and preparation you need to succeed.

The course will help you to:

- Refine your English Language skills for health and medical purposes as you prepare for the exam.
- Focus on improving your skills in each area of reading, writing, listening and speaking.
- Increase your knowledge of grammar, vocabulary and pronunciation related to the medical field.
- Learn about the exam and receive guidance from qualified experts on the questions and tasks you can expect in the exam.

After you complete the course we will assist you to gain entry to the OET exam at the location of your choice.
